Dear Kevin,

I am writing to thank you for all your efforts in making the Compel system operational, we finally got there in the end!

I am pleased to be able to say that I have used the Payroll Link between our Compel and ADP Surepay system this month and we have found the process to be as successful as possible at this moment in time, which is great.

With reference to your letter dated 6th June, we are aware that there is room for growth within our Compel system and hopefully in a few months we shall try to develop on areas that are not perhaps being used to its full potential.

Again, many thanks for all your help and should I need further assistance be sure that I will not hesitate in contacting yourself or the Help Desk!

Yours sincerely,

Tracey Boyle
Payroll Administrator
